

TRESTON®

STORAGE SYSTEMS

WELL CONSIDERED, EFFICIENT SMALL PARTS STORAGE

Good storage planning requires the combination of many elements. Treston offer a flexible and first class range of storage solutions to build an effective storage system. Our range of small parts cabinets, bin cabinets and many kinds of storage bins give many options to store a wide variety of items. Our storage bins are moulded from sturdy polypropylene, making them strong and stable in all normal conditions. Large label areas offer easy identification of contents, and bin colour options are provided for colour coding systems. Other options include cabinet turntables, stands and trolleys offering further flexibility. Whatever your requirement, you will find something to suit in the wide range of TRESTON storage products. If you would like to learn more about our other products, please ask for the following brochures:

Visible Storage Cabinets

The design combines the use of a strong, dark grey (RAL 7021) polypropylene frame and galvanised steel shelves in such a way that small drawers of crystal clear polystyrene sit securely within the framework. Self adhesive labels are provided for each drawer. Designed with drawer handles recessed within the frame for additional protection during transport. Fourteen different alternatives, in two cabinet sizes, 550 and 290 mm high.

Series 290: 7 different small part cabinets 290 mm high. The cabinets can be wall hung or mounted on a bench top turntable or stood on the worktop.

Series 550: 7 different small part cabinets 550 mm high. The cabinets can be wall hung or mounted on space-saving turntables, stands and trolley or stood on the worktop.

DIVIDERS

Ideal for service, workshop, production and storage areas etc. A practical and flexible storage system, with static and mobile options as required.

BS-550L + 4 pcs series 550 cabinets

BS-550T + 8 pcs 550 series cabinets

Single stand BS-550L

This assembly holds 4 visible storage cabinets of series 550, which are ordered separately. Free standing frame of epoxy powder coated in grey (RAL 7045). 3 aluminium rails are included. Load capacity 50 kg. Overall dimensions D x W x H: 420 x 760 x 1585 mm.

Double stand BS-550T

This assembly holds 8 visible storage cabinets of series 550, which are ordered separately. Construction as single stand. Load capacity 100 kg. Overall dimensions D x W x H: 600 x 760 x 1585 mm.

Trolley BT-550

This assembly holds 8 visible storage cabinets of series 550, which are ordered separately. Construction as double stand. With bottom shelf of 12 mm laminated board. Four castors Ø 100 mm, two with brakes. Load capacity 150 kg. Overall dimensions D x W x H: 600 x 760 x 1700 mm.

BENEFITS

- Stylish design
- Space saving storage
- Any combination of 550 series cabinets
- Mobile versions are easy to move
- Easy assembly

Small parts cabinets pages 4 & 5

Perfect for the location, storage and identification of thousands of small components. Such assemblies offer storage for up to 4.320 different items on a floor area of only 0,25 sqm.

BT-550 + 8 pcs 550 series cabinets

12-550 + 12 pcs 550 series cabinets

Spacemiser 12-550

This unit includes a ball bearing base, dividing trays and a baseplate. The assembly holds 12 visible storage cabinets of series 550 in three layers. Each layer consist of four cabinets which are ordered separately. Load capacity 400 kg. Complete assembly's D x W x H : 500 x 500 x 1730 mm

Bench top spacemiser PTP-5

This unit includes a ball bearing base/ baseplate. It holds 2 visible storage cabinets of series 290 or 550 which are ordered separately. Load capacity 50 kg
Complete assembly's D x W x H :
310 x 360 x 300 mm (series 290)
310 x 360 x 560 mm (series 550)

BENEFITS

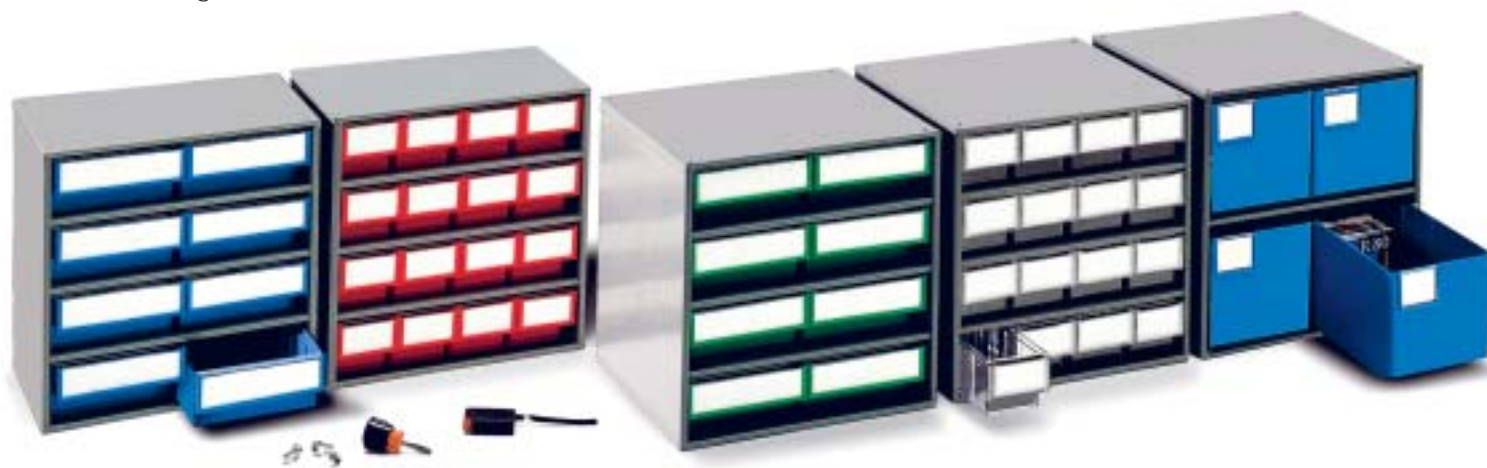

- When wall space is limited the turntable assembly, strategically placed, is a huge space saver
- Such assemblies offer storage for up to 4.320 different items on a floor area of only 0,25 sqm
- Easy assembly

PTP-5 + 2 pcs 294 series cabinets

Small parts cabinets pages 4 & 5

Storage of larger items is easily arranged with colour bin cabinets, which are stackable vertically and may be wall hung or mounted on turntable assemblies. Four sizes of frames, seven sizes of bins.

Colour bin cabinets

Comprises a grey epoxy enamelled steel frame (RAL 7045), colour bins with backstops and labels with protective shields. Colour bins are detailed on pages 12 - 13.

Materials

PS = crystal clear polystyrene
SB = coloured polystyrene
PP = coloured polypropylene

TURNTABLE ASSEMBLIES

TRESTON®

Compact storage systems for use in service, workshop, production and storage areas etc.

Turntable assemblies

These units hold 16 cabinets of 300 or 400 mm depth. Cabinets are ordered separately, see page 8. The unit includes a ball bearing base and dividing trays for 4 layers each layer contains 4 cabinets. Construction of epoxy powder coated steel in grey (RAL 7045). Load capacity 800 kg. Two sizes.

NOTE! Turntable is not available for cabinets of series 12.

16-300

This unit holds 16 Bin Cabinets of 300 mm depth, available separately. Load capacity 800 kg. Complete assembly's D x W x H: 700 x 700 x 1680 mm.

16-400

This unit holds 16 Bin Cabinets of 400 mm depth, available separately. Load capacity 800 kg. Complete assembly's D x W x H: 800 x 800 x 1680 mm.

BENEFITS

- Space saving and practical turntable assemblies for location, storage and easy identification of thousands of components
- Such assemblies offer storage for up to 1.792 different items on a floor area of only 0,64 sqm
- When wall space is limited the turntable assembly, strategically placed, is a huge space saver
- Load capacity 800 kg
- Easy assembly without tools

16-300 + 16 pcs series 300 cabinets

RETAINING BARS

Cabinets for mobile service and maintenance vehicles can be equipped with safety/retaining bars. Set includes 4 pieces.

A-400

Suitable for cabinets 0830, 1630, 0840, 1640 and 0440.

A-425

Suitable for cabinets 1230 and 1240.

TRESTON® HIGH DENSITY STORAGE CABINETS

High density cabinets are for use in workshop, stores and many other applications. Robust construction. Load capacity 240 kg. Mobile storage option with castors if required.

Profiled sides and welded assembly give the frame strength and rigidity. Backstops prevent the drawer from being pulled out of the frame.

Corrugated base eases the picking of very small items.

Full width label with protective shield assists stock control.

High density storage cabinets

Each cabinet includes a grey epoxy enamelled steel frame (RAL 7035), colour bins with backstops, labels and protective shields. Adjustable feet are provided for fine levelling. Load capacity for the cabinet is 240 kg/30 kg per shelf. Dividers are available separately. Details of the colour bins can be found on pages 12 and 13.

Castor set PS-LH

A castor set is available to make the high density cabinet mobile. 4 castors Ø 100 mm, 2 with brakes. Load capacity of cabinet with castors is 150 kg. Dimensions of cabinet with castors D x W x H: 410 x 605 x 980 mm.

Retaining bars A-605

Cabinets for mobile service and maintenance vehicles can be equipped with safety/retaining bars. Set includes 8 pieces. Suitable for cabinets 2440 and 4840.

HIGH DENSITY STORAGE CABINETS **TRESTON**[®]

A compact storage system — one cabinet offers storage for up to 336 different items on a floor area of only 0,25 sqm.

Accessories: cross dividers, divider labels, ...and castor set
back stops...

An efficient storage system saves space and increases your productivity!

TRESTON colour bins provide an ideal way of storing small/medium sized items in workshop, production and stores.

Storage problems? Treston products provide an effective and functional solution to almost any small/medium storage problem.

TRESTON colour bins are specifically designed for standard metric shelving. Depths of 300, 400, 500 or 600 mm. Smooth vertical sides allow maximum use of valuable shelf space.

The use of ergonomically thought out storage on Treston workbenches will improve productivity

Bright colours are available for easy colour coding systems. Crystal clear bins, even when using the index label provided, allow visible identification of bin contents.

Colours

1	crystal clear	
5	red	RAL 3020
6	blue	RAL 5015
7	green	RAL 6024

Materials

PS = Crystal clear polystyrene:
PP = Polypropylene:

Temperature tolerance -40 ... +65°C.

Temperature tolerance -20 ... +90°C. Withstands the effects of most oils, acids and solvents.

COLOUR BINS

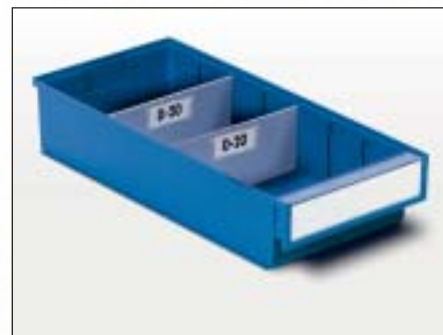

Colour bins are particularly suitable for use in small parts retrieval systems and mobile shelving. Four sizes in depths of 300, 400, 500 or 600 mm.

Corrugated base eases the picking of very small items.

Full width label with protective shield is easy to keep clean and change when necessary.

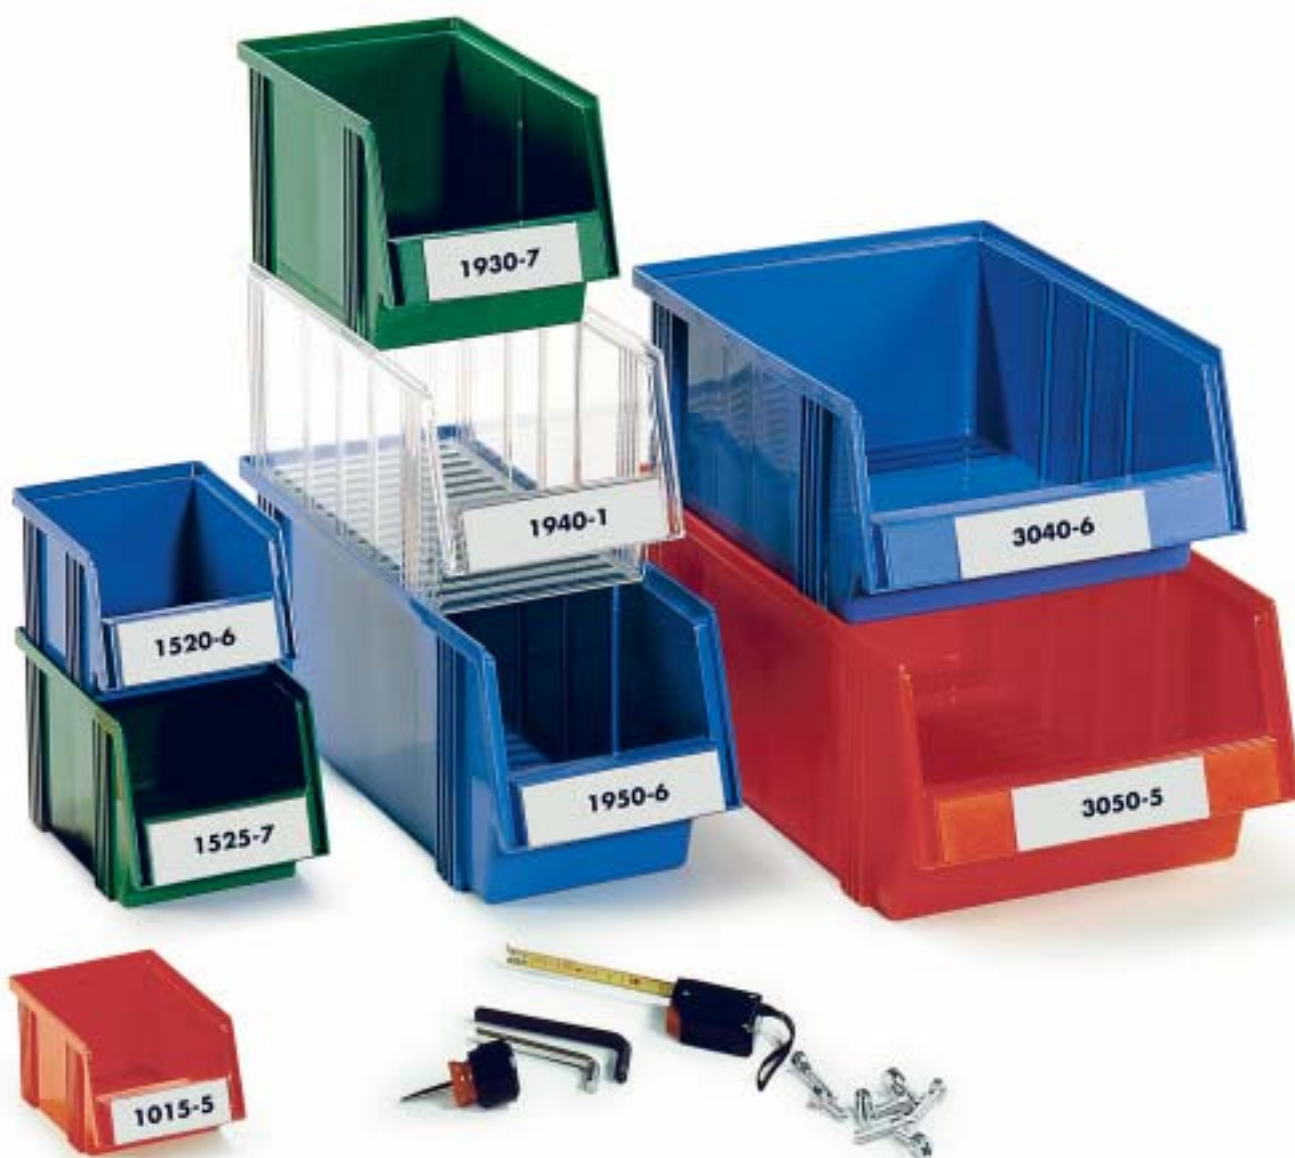

Accessories: cross dividers, labels, back stops.

BIN RAIL

TRESTON®

Wall mounted storage rails offer a cost effective way of storing/picking products.

Bin rail 700

Bin rail of grey epoxy enamelled (RAL 7045) steel. With fixings for wall mounting. Rail length 700 mm. Accessories: TRESTON stacking and picking bins.

Suitable for	Type	One rail holds
Stacking Bin	1015	7 pcs
	1520	5 pcs
	1525	5 pcs
	1930	4 pcs
Picking bin	30-1L	7 pcs
	30-2L	3 pcs
	30-23L	3 pcs

The basis of efficient storage is good planning. A well planned storage system will be functional and cost-effective only if all factors are taken into account, including the products to be stored, the storage environment, and the space available. For help on these matters, please contact either us or one of our distributors. We will be happy to offer advice and assistance.

Stacking Bin Stand combinations offer effective storage systems for use in service, workshop, production and storage areas etc. You can assemble a static or mobile storage system to suit your own needs.

① Combination in the picture:
 1 pc stand BS-160LA
 20 pcs stacking bin 1525-5
 16 pcs stacking bin 1930-5

② Combination in the picture:
 1 pc stand BS-160TA
 40 pcs stacking bin 1525-6
 32 pcs stacking bin 1930-6

③ Combination in the picture:
 1 pc trolley BT-170A
 40 pcs stacking bin 1525-6
 32 pcs stacking bin 1930-6

Single stand BS-160LA

Free standing frame of epoxy powder coated steel in grey (RAL 7045). 8 adjustable bin rails are included which may be positioned at 39 mm increments. Length of rail 753 mm. Load capacity per rail is 15 kg, total load for the stand is 120 kg. Stacking bins are ordered separately. Overall size D x W x H: 420 x 830 x 1585 mm.

One bin rail will hold:

- 7 pcs stacking bins 1015 or
- 5 pcs stacking bins 1520 or
- 5 pcs stacking bins 1525 or
- 4 pcs stacking bins 1930

One single stand will hold:

- 56 pcs stacking bins 1015 or
- 40 pcs stacking bins 1520 or
- 40 pcs stacking bins 1525 or
- 32 pcs stacking bins 1930

Double stand BS-160TA

Free standing frame of epoxy powder coated steel in grey (RAL 7045). 8 adjustable, double sided bin rails are included which may be positioned at 39 mm increments. Length of rail 753 mm. Load capacity: bin rail 15 kg to front and 15 kg to back (total 30 kg) and stand maximum of 240 kg. Stacking bins are ordered separately. Overall size D x W x H: 600 x 830 x 1585 mm.

One bin rail will hold:

- 14 pcs stacking bins 1015 or
- 10 pcs stacking bins 1520 or
- 10 pcs stacking bins 1525 or
- 8 pcs stacking bins 1930

One double stand will hold:

- 112 pcs stacking bins 1015 or
- 80 pcs stacking bins 1520 or
- 80 pcs stacking bins 1525 or
- 64 pcs stacking bins 1930

Trolley BT-170A

As double stand. Bottom shelf of 12 mm laminated board. 4 castors Ø 100 mm, 2 with brakes. Load capacities: trolley 150 kg. Stacking bins are ordered separately. Overall size D x W x H: 600 x 830 x 1700 mm.

One bin rail will hold:

- 14 pcs stacking bins 1015 or
- 10 pcs stacking bins 1520 or
- 10 pcs stacking bins 1525 or
- 8 pcs stacking bins 1930

One trolley will hold:

- 112 pcs stacking bins 1015 or
- 80 pcs stacking bins 1520 or
- 80 pcs stacking bins 1525 or
- 64 pcs stacking bins 1930

STACKING BINS STANDS

TRESTON®

An efficient way of storing small parts — the angled presentation of bins allows easy access to contents.

Bin stand BR-4050

6 fixed, inclined storage levels, length 930 mm. Load capacities 50 kg per levels and 300 kg per stand. Stacking bins are ordered separately. Overall size D x W x H: 600 x 990 x 1670 mm.

One storage level holds

- 5 pcs stacking bins 1940 or
- 5 pcs stacking bins 1950 or
- 3 pcs stacking bins 3040 or
- 3 pcs stacking bins 3050

One bin stand holds:

- 30 pcs stacking bins 1940 or
- 30 pcs stacking bins 1950 or
- 18 pcs stacking bins 3040 or
- 18 pcs stacking bins 3050

Bin stand BR-2530

7 fixed, inclined storage levels, length 930 mm. Load capacities 50 kg per levels and 350 kg per stand. Stacking bins are ordered separately. Overall size D x W x H: 500 x 990 x 1540 mm.

One storage level holds

- 6 pcs stacking bins 1525 or
- 5 pcs stacking bins 1930

One bin stand holds:

- 42 pcs stacking bins 1525 or
- 35 pcs stacking bins 1930

④ Combination in the picture:

- 1 pc stand BR-4050
- 30 pcs stacking bin 1940-6

⑤ Combination in the picture:

- 1 pc stand BR-2530
- 18 pcs stacking bin 1525-5
- 20 pcs stacking bin 1930-5

Construction of stands

Constructed from epoxy powder coated steel, colour grey (RAL 7035).

Stacking bins, see page 15

Code	Colours	Outer dimensions D x W x H
